# SEEDLINGS and TRANSPLANTS

## SCOTCH PINE:

We have three varieties — Riga or Rigensis, Western European or French, and Swiss. If you prefer a particular variety, please specify in your order which you want; ages range from two to three years. All beds have been undercut several months before lifting to get more fibrous root systems.

### Seedlings

Size Inches	Prices				
	100	1,000 (500 or more)	10,000	25,000	75,000
1-4	1.50	10.00	9.00	8.00	7.00
3-6	2.25	15.00	13.00	11.00	9.00
4-8	3.00	20.00	17.50	15.00	12.50
7-12	3.25	25.00	22.50	20.00	

(Note on sizes: 1-4 good for transplanting but not recommended for field planting; 3-6 minimum size satisfactory for field planting; 4-8 best size for field planting by machine or by hand; 7-12 best for replanting and spots where quick effect is desired. Our sizes are measured from ground level to terminal bud.)

### Transplants

	Per 100	Per 1000
2-4	3.00	20.00
3-6	3.75	25.00
4-8	4.50	30.00

Size has little or no significance in survival of transplants, the larger trees are easier to plant and show up better the first year.

## AUSTRIAN PINE:

Increasingly popular as a Christmas tree. Dark Green — pruning not necessary because of slower and more symmetrical growth — relatively disease free.

# CHRISTMAS TREES

We deplore the fact that wholesale buying of Xmas trees has become a guessing game in which the buyer must guess what per cent of the trees will look like Christmas trees and how many he will chop up for boughs. For this reason we are listing two grades:

## HUNTREE GRADE:

These are tagged select trees — symmetrical — full-height range from 5-8 feet — average 6 feet plus — we will guarantee these unconditionally.

## UTILITY:

These are imperfects — a good buy for the money, and the best buy where price counts more than quality. Saleable trees — Size average 6 ft. Range 4-8 ft.

	Wholesale Price per tree
SCOTCH PINE—Huntree	\$1.65
Utility	1.25
DOUGLAS FIR—Huntree— (limited quantity)	2.00
SPRUCE—White and Norway:	
Huntree	1.35
Utility	.65
RED PINE:	
Huntree	1.10
Utility	.60
Field Run	.85

WE ALSO HAVE AVAILABLE SOME 10 to 20 FT. NORWAY SPRUCE FOR THE BARGAIN PRICE OF 20c PER FT.

All prices are wholesale F.O.B. at our plantations in Western and West Central Michigan, or at our headquarters on U. S. 31, five miles South of Saugatuck. The plantations range from 180-220 miles from Detroit and 150-220 miles from Chicago. We will deliver — cost is approximately 15c per tree for each 100 miles or major fraction thereof.

If you have special requirements not covered by the above, let us know and we will try to meet them.

TERMS—We only guarantee delivery for orders accompanied by deposit. Cash on delivery of trees to buyer. — No consignments.

## CHRISTMAS TREE BROKERAGE

- We buy trees—we sell trees for a commission — we will accept your trees on consignment.
- If you have 500 or more trees to sell, drop us a line early.

## PLANTATION MANAGEMENT:

In addition to our own tree Plantations, we now have three Christmas Tree Farms under contract with long term management plans, under which we plant, prune, spray and harvest for a share of the income. We are ready to extend this service wherever it is practical.

## CUSTOM TREE PLANTING:

We will plant by machine any place within 200 miles of Lansing, Michigan, for —
